## Scouting for Food Facts

### **Q. What is “Scouting for Food?”**

A. “Scouting for Food” is the nation’s largest single-day food drive. It began as a Scout’s service project in St. Louis in 1985 and was adopted by the National Organization in 1988. The goal is to help feed the hungry of our communities.

### **Q. When does it take place?**

A. Scouting for Food takes place on the last Saturday of January and the first Saturday of February.

- Saturday, January 29<sup>th</sup> is Distribution Day. Approximately 25,000 door hangers/bags will be delivered to homes throughout Central North Carolina.
- Saturday, February 5<sup>th</sup> is Bag Collection Day. Starting at 9am, Scouts blanket our communities, collecting food donated by residents. Scouts then deliver the food to collection sites, where it is counted, packed and readied for delivery to food pantries.

### **Q. Why do we participate in Scouting for Food?**

A. As an organization, the Boy Scouts teaches youth the value of helping others and giving back to their communities. By collecting food for people in need, Scouts are “doing a good turn” and “helping other people,” key elements of the Scout Oath and slogan.

### **Q. Where does the donated food go?**

A. After the Scouts collect the food bags, they deliver them to a local drop-off location where volunteers sort and box the food to be delivered to local food pantries. Your donated food will help feed people in (Union, Cabarrus, Rowan, Stanly, Montgomery, Anson and Richmond counties) - at no charge to them.

## 2022 “Scouting for Food” Unit Chair Position Description and Timeline

### December

- Sign your unit up to participate in “Scouting for Food” by December Roundtable.
- Sign your unit up for a specific area of coverage. Work with your District’s “Scouting for Food” Chair to identify an area for your unit. Make sure it’s the right size for your unit.
- Recruit unit parents/leaders to drive vehicles for bag distribution day and collection day. Please note: no Scouts are to be driven in the back of pickup trucks.

### January

- Pick up your “Scouting for Food” door hangers at the January Roundtable.
- Make sure leaders/parents/Scouts receive detailed instructions and copies of your area map. Make sure they have the appropriate number of hangers.

### January/ February

- Make sure all homes in your area receive a door hanger on distribution day, January 29th. It is imperative that door hangers/bags are distributed that day – not earlier or later – as it will coincide with our publicity efforts.
- Do not put hangers/bags in or on mailboxes. Please place hangers/bags at front doors.
- Make sure your same assigned area is combed for bags of food on collection day, which is February 5<sup>th</sup>. Do not start earlier than 9am and please try to be done picking up bags by noon.
- Be prepared to shuttle your collected food to your District’s collection site.
- On the collection day, also pull unused bags off front porches so they can be recycled.
- Please note it is encouraged that after you comb your area, re-sweep the neighborhood, as some residents will remember to put a bag out later in the day.
- Make sure all collected food is delivered to your District’s collection site by 2pm.
- Be sure to report your number of youths who participated, the total pounds collected, and organization to which the donation was made to your District SFF Chair or District Executive.
- Don’t forget to enter your service hours in the system. Contact your District Scouting for Food Chair or your District Executive if you need assistance. Enter the number of Scouts and adults who participated on both days and time you spent on the project. This way, your unit gets full credit for the service it has completed!

## Scouting for Food - Agenda for Unit Kickoff

### Be prepared to lead a 5–10-minute presentation to inspire your Scout families

- Have a large map showing your area and smaller copies for your families.
- With the map, include your contact information and the schedule for both Saturdays.
- Pre-assign streets/neighborhood areas for each family. Scouts should work in pairs.
- Remind Scouts to wear their uniform!

### As attendees arrive:

- Greet them and mark every 5th person with a dot sticker on their shirt

- Scouting for Food helps to ensure our neighbors and their families will have an adequate food supply.

#### 2. What can we do to help make this important project successful?

- We need 100% family support for Scouting for Food!
- Scouts that place the door hangers/bags January 29<sup>th</sup> should return to same homes to collect food on February 5<sup>th</sup>.

#### 3. Collection Tips

- Arrange for a collection box at places of worship, schools, home-owners associations, apartment/condo clubhouses and offices.

#### 4. Review Schedule for Saturday, January 29<sup>th</sup>
